Whyalla Renewables Trust
Trustee's report
Year ended 31 March 2022

The directors of Whyalla Renewables Pty Ltd (“WRPL” or “Trustee”) as trustee of Whyalla Renewables Trust (“WRT” or “Trust”) submit their report for the year ended 31 March 2022.

TRUSTEE
The names of the Trustee's directors in office during the year and up to the date of this report are:

Samir Vora
Jeyakumar Janakaraj

CORPORATE INFORMATION
The registered office of the Trust is located at:
Level 9, 120 Edward Street
Brisbane, Queensland, Australia.

PRINCIPAL ACTIVITIES
The principal activity of the Trust during the year was the development of the Whyalla solar project in South Australia.

REVIEW OF OPERATIONS
The loss after tax for the Trust for the year ended 31 March 2022 was $2,255,094 (2021: $5,269). The current year loss includes capital expenditure written off of $2,247,621 following a decision to put development of the Whyalla project on hold.

DISTRIBUTIONS
No distribution has been paid or recommended.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS
Other than the matters detailed as part of our review of the Trust’s operations for the year ended 31 March 2022, there were no significant changes in the state of affairs of the Trust during the current financial year.

SIGNIFICANT EVENTS AFTER THE REPORTING PERIOD
There have been no other matters or circumstances that have arisen since the end of the year that have significantly affected, or may significantly affect the Trust’s operations, the results of those operations or the Trust’s state of affairs in years after the year ended 31 March 2022.

LIKELY DEVELOPMENTS AND EXPECTED RESULTS OF OPERATIONS
The Whyalla Solar project has currently been put on hold.

ENVIRONMENTAL REGULATION AND PERFORMANCE
The Trust’s operations are subject to State and Federal Environmental Legislative requirements. There were no breaches or non-compliance with these requirements during the year ended 31 March 2022 and up to the date of this report.

INSURANCE OF TRUSTEE AND INDEMNITIES
During the year, a related party paid premiums in respect of Directors' and Officers' Liability insurance contract. The insurance contract insures against certain liabilities (subject to exclusions) for persons who are or have been directors of the Trustee or officers of the Trust. A condition of the contract is that the nature of the liabilities indemnified and the premium payable shall not be disclosed.

Whyalla Renewables Trust
Trustee's report (continued)
Year ended 31 March 2022

INDEMNIFICATION OF AUDITORS

To the extent permitted by law, the Trust has agreed to indemnify its auditors, Ernst & Young Australia, as part of the terms of its audit engagement agreement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made to indemnify Ernst & Young Australia during or since the year ended 31 March 2022.

Signed in accordance with a resolution of directors of Whyalla Renewables Pty Ltd as trustee of Whyalla Renewables Trust.

On behalf of the Board of Whyalla Renewables Pty Ltd

Samir Vora
Director

Whyalla Renewables Trust

Notes to the financial statements

For the year ended 31 March 2022

1 GENERAL INFORMATION

The financial statements of Whyalla Renewables Trust (the "Trust") for the year ended 31 March 2022 were authorised for issue in accordance with a resolution of the Trustee Directors on 29 April 2022.

Whyalla Renewables Pty Ltd (the "Trustee") is the trustee of the Trust and Whyalla Renewable Holdings Trust is the sole unit holder of the Trust. These entities are incorporated in Australia. Parent entity details are disclosed in Note 7(a). The Trust's principal place of business is Level 9, 120 Edward Street, Brisbane, Queensland, Australia.

The Trust was principally engaged in the development of the Whyalla solar project in South Australia.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all periods presented, unless otherwise stated.

(i) Statement of compliance

These general purpose financial statements have been prepared in compliance with the requirements of *Australian Accounting Standards – Simplified Disclosures* . The Trust is a for-profit, private sector entity which is not publicly accountable for the purposes of preparing these financial statements.

In the prior year, the Trust opted to adopt AASB 1060 *General Purpose Financial Statements - Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities* ahead of its mandatory effective date of 1 April 2022. Other than the change in disclosure requirements, the adoption of AASB 1060 had no significant impact on the financial statements because the Trust's previous financial statements were prepared in full compliance with the recognition and measurement requirements of Australian Accounting Standards.

The financial report has been prepared on a historical cost basis, except as otherwise stated, and is presented in Australian dollars.

The financial report is the standalone financial report of the Trust and does not consolidate the financial report of Whyalla Renewable Holdings Trust.

(ii) Going concern

During the year ended 31 March 2022, the Trust incurred a loss of $2,255,094 (2021: $5,269), and as at 31 March 2022 the Trust had current liabilities exceeding current assets by $2,721,067 (2021: $2,713,525). The net current liability position is mainly due to the classification as current liabilities of the Trust's related party payables (refer to Note 5).

The financial report has been prepared on a going concern basis, which contemplates continuity in the realisation of assets and settlement of liabilities in the ordinary course of business.

The ability of the Trust to continue as a going concern is dependent upon the ongoing support of its unit holder. The ultimate parent company, Adani Enterprises Ltd, has agreed to not call on the Trust to repay any loans or other amounts owing to it or entities under its control if, after payment of the loans or the other amounts, the Trust would not be able to meet its debts as and when they fall due for a period not less than twelve months from date from these financial statements. Additionally, Adani Enterprises Ltd, in its own capacity or through entities under its control, has agreed to provide financial support to the Trust for a period of at least twelve months from the date of these financial statements.

Based on the letter of support received, the Directors of the Trustee are satisfied funds will be available to meet planned activities and contractual commitments for at least 12 months from the date of the authorisation of these financial statements.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(b) Foreign currency translation

The Trust's functional currency is the Australian dollar, being the currency of the primary economic environment in which it operates.

Foreign currency transactions are recorded at the applicable exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are translated at the appropriate exchange rates ruling at that date. Exchange differences are dealt with in the profit or loss.

(c) Other income recognition

Interest

Interest income is recognised as the interest accrues using the effective interest rate ("EIR") method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

(d) Income taxes

The Trust is not a taxable entity and no tax balances have been recognised.

(e) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST.

(f) Trade and other receivables

Trade receivables are recognised when an amount of consideration that is unconditional is due from the customer, i.e. only the passage of time is required before payment of the consideration is due. Refer to accounting policies in note 2(g) Financial Instruments (i) Financial assets - initial recognition and measurement; and (ii) Financial assets - subsequent measurement.

(g) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial assets - initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Trust's business model for managing them.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are "solely payments of principal and interest (SPPI)" on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Trust's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

(ii) Financial assets - subsequent measurement

For purposes of subsequent measurement, financial assets are classified in the following categories:

- ► Financial assets at amortised cost (debt instruments)
- ► Financial assets at fair value through profit or loss

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Financial instruments (continued)

Financial assets at amortised cost (debt instruments)

This category is the most relevant to the Trust. The Trust measures financial assets at amortised cost if both of the following conditions are met:

► The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and

► The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the EIR method and are subject to impairment. Gains or losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Trust's financial assets at amortised cost may include other receivables and amounts due from related parties.

(iii) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

► The rights to receive cash flows from the asset have expired; or

► The Trust has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Trust has transferred substantially all the risks and rewards of the asset, or (b) the Trust has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

(iv) Impairment of financial assets

The Trust recognises an allowance for expected credit losses (ECL's) for all debt instruments not held at fair value through profit or loss. ECL's are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Trust expects to receive, discounted at an approximation of the original EIR. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

For other receivables and contract assets, the Trust applies a simplified approach in calculating ECL's. Therefore, the Trust does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECL's at each reporting date.

The Trust considers a financial asset to be in default when internal or external information indicates that the Trust is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements help by the Trust. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

(v) Financial liabilities - initial recognition and measurement

Financial liabilities are classified, at initial recognition, as loans and borrowings, or trade and other payables as appropriate.

All financial liabilities are recognised initially at net of directly attributable transactions costs.

The Trust's financial liabilities include trade and other payables and non-interest bearing loans.

(vi) Financial liabilities - subsequent measurement

The subsequent measurement of financial liabilities depends on their classification, as described below.

Loans and borrowings and trade and other payables

This category is the most relevant to the Trust. After initial recognition, interest-bearing loans and borrowings and trade and other payables are subsequently measured at amortised cost using the EIR method. Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Comprehensive Income.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Financial instruments (continued)

(vii) Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

(viii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Financial Position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(h) Capital work in progress

Capital work in progress is stated at cost, net of accumulated impairment losses, if any. The Trust is currently in development phase and has no depreciating assets during the year.

(i) Impairment on non-financial assets

The Trust assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Trust makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets and the asset's value in use cannot be estimated to be close to its fair value. In such cases the asset is tested for impairment as part of the cash-generating unit to which it belongs. When the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset or cash-generating unit is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses relating to continuing operations are recognised in those expense categories consistent with the function of the impaired asset.

(j) Trade and other payables

Trade and other payables are carried at amortised cost. Due to their short term nature they are not discounted. They represent liabilities for goods and services provided to the Trust prior to the reporting date that are unpaid and arise when the Trust becomes obliged to make future payments in respect of the purchase of goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

(k) Units on issue

Units on issue are recognised at the fair value of the consideration received by the Trust. Any transaction costs arising on the issue of ordinary units are recognised directly in equity as a reduction of the unit proceeds received.

(l) New and amended accounting standards and interpretations

The Trust applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after 1 January 2021. During the current financial year, the Trust has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

The new and amended standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Trust intends to adopt these new and amended standards and interpretations, if applicable, when they become effective.

AASB 2020-1 Amendments to AASs – *Classification of Liabilities as Current or Non-current*
AASB 2021-2 AASB 101 and AASB Practice Statement 2 - *Making Materiality Judgements – Disclosure of Accounting Policies*
AASB 2020-3 Amendment to AASB 9 – *Fees in the '10 per cent' Test for Derecognition of Financial Liabilities (Part of Annual Improvements 2018–2020 Cycle)*

The Trust is currently assessing the impact of the new and amended accounting standards to determine the impact these will have on the Trust's financial statements.

3 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Trust's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures including the disclosure of any contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

(a) Estimates and assumptions

The key assumption concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is described below. The Trust based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Trust. Such changes are reflected in the assumptions when they occur.

(b) *Impairment Capital Work in Progress*

Management performs an assessment of impairment indicators for capital work in progress at each reporting date. The project is in the early phase of development and there have been no impairment indicators as at the year end. However, the balance of capital work in progress was fully written off at the end of the year following a decision to put the development of the Whyalla Project on hold.

10 SUBSEQUENT EVENTS

There have been no other matters or circumstances that have arisen since the end of the financial year that have significantly affected, or may significantly affect the Trust's operations, the results of those operations or the Trust's state of affairs in financial years after the financial year ended 31 March 2022.

Whyalla Renewables Trust
Trustee's declaration

In accordance with a resolution of the directors of Whyalla Renewables Pty Ltd as the trustee of Whyalla Renewables Trust, we state that:

In the directors' opinion:

(a) The financial statements and notes of Whyalla Renewables Trust for the financial year ended 31 March 2022 are in accordance with the Trust Deed, including:

  (i) giving a true and fair view of the Trust's financial position as at 31 March 2022 and of its performance for the year then ended on that date; and

  (ii) complying with *Australian Accounting Standards - Simplified Disclosures* and the *Corporations Regulations 2001* .

(b) There are reasonable grounds to believe that the Trust will be able to pay its debts as and when they become due and payable.

Building a better working world

Independent auditor's report to the unitholder of Whyalla Renewables Trust

Opinion

We have audited the financial report of Whyalla Renewables Trust (the Trust), which comprises the statement of financial position as at 31 March 2022, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including a summary of significant accounting policies, and the Trustee's declaration.

In our opinion the accompanying financial report presents fairly, in all material respects, the financial position of the Trust as of 31 March 2022, and its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards - Simplified Disclosures and the Trust Deed dated 8 May 2018.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report. We are independent of the Trust in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the financial report and auditor's report thereon

The Trustee is responsible for the other information. The other information is the Trustee's report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

A member firm of Ernst & Young Global Limited
Liability limited by a scheme approved under Professional Standards Legislation

Building a better working world

Responsibilities of the trustee for the financial report

The Trustee of the Trust is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards – Simplified Disclosures and the Trust Deed dated 8 May 2018 and for such internal control as the Trustee determines is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Trustee is responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Trustee either intends to liquidate the Trust or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Trustee.

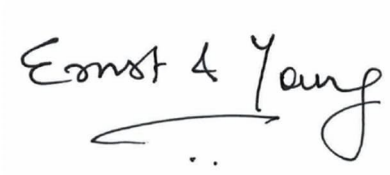

- Conclude on the appropriateness of the Trustee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

Building a better working world

We communicate with the Trustee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
