Notes :

- 1 The above Financial Results have been reviewed by the Audit Committee and subsequently approved by the Board of Directors at their meetings held on 14th February, 2017.
- 2 The Statutory Auditors have carried out limited review of Financial Results of the Company for the quarter and nine months ended on 31st December, 2016.
- 3 The Company has adopted Indian Accounting Standards ("Ind AS") from 1st April, 2016 and accordingly these financial results have been prepared in accordance with the recognition and measurement principles laid down in the Ind AS 34 Interim Financial Reporting prescribed under Section 133 of the Companies Act, 2013 read with the relevant rules issued thereunder and the other accounting principles generally accepted in India. Consequently, results for the previous period ended 31st December 2015 have been restated in accordance with Ind AS.
- 4 Based on favourable arbitration award, the Company has raised a reimbursement claim along with interest thereon on customer for non-lifting of contractual coal quantity and price escalation in mining business. Results for the nine months include its impact to the tune of ₹ 212.22 crores in standalone results and ₹ 232.41 crores in consolidated results.
- 5 Joint venture entities have been consolidated using equity method of accounting under Ind AS. Accordingly, the Company has directly recognised its share of profit or loss and net assets instead of proportionate consolidation. This has resulted in reduction of Sales / Income from operations reported for the quarter and nine months ended 31st December 2015 by ₹ 2537.25 crores and ₹ 7316.98 crores respectively.
- 6 Reconciliation between financial results previously reported (referred as 'Previous GAAP') and Ind AS for the quarter and nine months ended 31st December 2015 are presented as under :

Notes to Profit Reconciliation :

- a) MTM on derivative financial instruments :
Derivative financial instruments have been fair valued through profit and loss under Ind AS. Under Previous GAAP, the net mark to market losses on derivative financial instruments, other than those designated as cash flow hedges, were recognised in statement of profit and loss, and the net gains, if any, were ignored.
- b) Impact on accounting of financial instruments at amortised cost :
The Company has valued financial assets (other than investment in joint ventures, subsidiaries and associates which are accounted at cost) and financial liabilities, at fair value at the inception of the contract. Impact of fair value changes as on date of transition, is recognised in opening reserves. These financial instruments have been subsequently accounted under the amortised cost model, with resultant changes thereafter being recognised in statement of profit and loss.
- c) Actuarial Valuation :
Actuarial gains / losses on account of changes in actuarial assumptions are recognised in other comprehensive income.
- d) Service concession accounting :
As per Ind AS, Property, Plant & Equipment (PPE) related to service concession arrangements for providing agri- storage facilities has been derecognised and classified as financial asset and intangible asset.
- e) Other Ind AS impact includes :
> Asset retirement obligation and its amortisation
> Reversal of amortised goodwill
> Amortisation of government grants as deferred income
- f) Deferred tax :
The impact of transition adjustments together with Ind AS mandate of using balance sheet approach (against profit and loss approach in the previous GAAP) for computation of deferred taxes has resulted in charge to reserves on the date of transition, with consequential impact in the statement of profit and loss for the subsequent periods.
- 7 Exceptional item in current period of consolidated results of ₹ 231.58 crores has been recognised by Company's subsidiary, Adani Mining Pty Ltd, Australia towards acceptance of assignment and obligation of Annual Maximum Tonnage of Coal.
